【第1部】音読問題

Sakura is a junior high school student. On Sunday morning, she said to her father, "Let's go to see a movie at the movie theater in the shopping mall!" Her father suggested that they should watch a movie at home because the theater might be too crowded and expensive. So, they rented a DVD and bought snacks and drinks, and then watched a movie at home. Sakura's mother, brother, and even her grandfather joined them. They had a great time together, but Sakura felt she still wanted to see a movie at the movie theater.
